

Title and Registration Services

Titling and Registration Made Easy

- Customized processes
- Follow up assistance
- Comprehensive solution
- Issue resolution

Rely on Specialists

Eliminate headaches associated with state requirements and documentation. TRS can transact on your behalf for lien adds, refinances, duplicate titles and owner or state transfers.

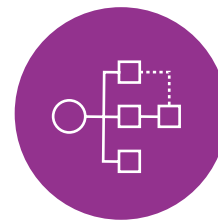

Manage Your Entire Portfolio

TRS can vault paper titles, or receipts, and provide viewing, reporting and releasing abilities through one streamline tool. Create a consistent titling and auditing process for your entire title portfolio.

One Easy-to-Use Resource

Online tools to estimate registration, tax, title and other required fees to register and title light-duty vehicles. Commercial quotes, coordination of owner drop-off or packet pickup are also available.

Intuitive Workflow

Access all your title records, statuses and activities through one resource. TRS will keep you informed via activity history and send notifications when follow-up is needed.

Premier TRS™

Premier Solutions. Premier Support. Premier Service.

DDI Technology is an industry leader providing lenders and dealers with the resources and tools needed for processing titles and registrations more efficiently. Our premier solution is a secure, web-based application which equips lenders and dealers with the ability to view, track and maintain their entire title and registration portfolio – start to finish.

TRS can assist dealers, lenders and fleet managers with:

- Providing title and registrations services in all 50 states
- Identifying and resolving problem portfolios
- Processing out-of-state title and registration requests
- Determining documentation required for registration and titling
- Obtaining accurate fees (i.e. sales tax, state/county fees)
- Completing required title and registration documents
- Working with state agencies to complete and verify processes
- Managing paper titles in a secure location
- Obtaining duplicate titles
- Handling state-to-state or owner transfers
- Placing liens
- Identifying and completing repossession documentation
